- Increase in % that had enrolled in a two-year college, from 20% to 23%

# Challenges During Program Participation

- No significant increase in the proportion of individuals working
- Enrolled in college, but dropped out before program exit
- Relatively short program stays
- Involuntarily exits

Please visit [www.thpplus.org](http://www.thpplus.org) for the complete study findings

# Challenges at THP-Plus Exit

- Exited THP-Plus with low levels of educational achievement.

# THP-Plus Budget: FY 10-11

- THP-Plus budgeted at same level as FY 09-10: \$35.8 million
- Issue of \$80 million reduction to CWS will not be resolved until budget is signed
  - If reduction is included in signed budget, THP-Plus may be reduced
  - If reduction is not included, THP-Plus will remain at \$35.8 million
- If passed, AB 12 would not be implemented until January 1, 2012 and therefore have no effect on THP-Plus

# August 20<sup>th</sup> AB 12 Amendments

Final year implementation in 2014 for 20 year-olds subject to an budget act appropriation by the Legislature.

## **Group home placements**

# How You Can Help

- 1. Write a letter to the Governor:** I often get asked whether letters really make a difference. Well, they do! They are the main way we can let Governor Schwarzenegger know how many people statewide know and care about this issue
- 2. Ask 5 people to write a letter:** We have many people on the AB 12 listserv. But even if every person sends one, that will not be a strong enough message. Take a moment and think of 5 friends or colleagues who would be interested in improving the lives of California's foster youth by sending a letter to the Governor and forward this email to them.
- 3. Distribute this request on your listserv:** Many of you work for organizations that maintain a subscriber listserv. Please let your subscribers know how your organization is involved in AB 12 and ask them to write a letter of support to the Governor.
- 4. Engage youth:** Many of you also work directly with current and former foster youth. **No one** is more persuasive on this issue than current or former foster youth! Ask your youth participants to share their opinions about better supporting foster youth in a letter to the Governor. Let's help him understand how his one signature can help make a better future for thousands of youth in foster care.
